

Onboarding practices in the Sydney North Health Network region

How do I access the ERPT?

- 1) Go to the URL: <https://erpt.racgp.org.au/standardlogin>

Or Google ERPT

- 2) Click on `Register your practice for the ERPT`, in red.

The screenshot shows the ERPT (Emergency Response Planning Tool) login page. At the top, there is a navigation bar with the ERPT logo (Emergency Response Planning Tool), the text "powered by healthpoint", the "FINALIST INNOVATORS" award logo, and a "Home - Support" link. Below the navigation bar, the page is divided into two main sections. On the left, under the heading "Contact us", there is contact information for HealthpointANZ: "For technical support, call HealthpointANZ on 1800 008 384 or help@healthpointanz.com.au". On the right, under the heading "Sign in", there is a welcome message: "Welcome to the online Emergency Response Planning Tool (ERPT). The ERPT has been developed to assist general practices to better prepare for, respond to and recover from the impacts of emergencies and pandemics." Below this is a description of the ERPT: "The ERPT is a practical tool that guides you through a series of planning templates, where critical information about your practice can be entered and saved. This information will be used to create an emergency response plan which is individually tailored to your general practice. Your customised emergency response plan can be saved online and/or printed as a hard copy resource." There are two input fields for "Username:" and "Password:". Below these fields is a checkbox for "Remember Me" and a red "Sign in" button. At the bottom of the sign-in section, there are two red links: "Forgot your username or password?" and "Register your practice for the ERPT". At the bottom left of the page, there is the RACGP logo. At the bottom right, there is a decorative graphic consisting of three overlapping, tilted rectangular panels with a red background and various images related to emergency response, such as a fire, a person in a hard hat, and a house.

3) Complete the details below and click `Create account` at bottom of the page.

ERPT EMERGENCY RESPONSE PLANNING TOOL powered by healthpoint FINALIST INNOVATORS Home - Support

How did you first hear about the ERPT?

Source:

I agree to being contacted by HealthpointANZ or the RACGP in relation to the use of the Emergency Response Planning Tool.

We accept the [Emergency Planning website terms and conditions](#)

- 4) It will ask you to accept to pay for your ERPT, agree to this and we will allocate you a funded license.
- 5) You can now start your planning. There are planning guides for each module at the top of each page.
- 6) Sydney North Health Network is covering the cost of using the ERPT so you will not be sent an invoice.
- 7) There is training available to help you get started. You can go to the following URL to book a videoconference training session - [Emergency Response Planning Tool \(ERPT\) \(office365.com\)](https://www.office365.com/ERPT)
- 8) If you have any questions you can contact the Healthpoint ANZ Helpdesk on 1800 008 384 or email help@healthpointanz.com.au
